Professions

- Aylin İPEK TİMUR, whose clinical and academic studies focus on clinical psychology studies and therapy of deaf and hearing-impaired individuals, is the first deaf and hearing-impaired psychotherapist in Turkey and conducts her therapies through Turkish Sign Language. She has completed two years of training in the field of communication, education and psychology for the deaf and hearing impaired at Koninkjile Kentalis Deaf and Hearing-Impaired Foundation in the Netherlands, within the scope of the project, and completed the advanced Turkish Sign Language (TID) certification. She is fluent in speaking, understanding and translation skills in Turkish Sign Language. With her pioneering clinical and academic studies, she aims to bring the field of "Psychology of the Deaf and Hearing Impaired" to the Department of Psychology as a sub-branch. At the same time, she has given the "Psychology of the Disabled" course, which she planned to be included in the curriculum of the Psychology Undergraduate Program, for the first time in a foundation university in 2021.

5. EDUCATION (LAST COMPLETED ONES)

- Istanbul Arel University Psychology PhD – PhD Scholar (In thesis process)
