

## CV

1. **NAME -SURNAME / TITLE:** Hasip Çirkin – Lecturer
2. **PHONE:** 0212 610 10 10
3. **E- MAIL:** hasip.cirkin@kent.edu.tr
4. **RESEARCH of INTEREST:** Medical Biochemistry – Biochemistry
5. **EDUCATION INFORMATION :**
  - Ege University – Faculty of Medicine – Department of Medical Biochemistry (MSc.)
  - Ege University – Faculty of Science – Department of Biochemistry (MSc.)
  - Mustafa Kemal University – Faculty of Arts and Sciences – Department of Biology (Bachelor of Science)
6. **PUBLICATIONS and WORKS:**
  - H. Cirkin, B. Goker Bagca, A. Kilavuz, F. Sarac, N. Selvi, C. Avci Birkay, H. Sagin, F. Sagin, Role of inflammatory biomarkers in nephropathy and atherosclerosis in type 2 diabetes mellitus patients with microalbuminuria, *FEBS Open Bio* 11 (1) (2021) PP. 450–51
  - H. Cirkin, C. Selcuki, Molecular Modelling of TATABox Related Short Nucleotides, *FEBS Open Bio* 11 (1) (2021) PP. 358
  - Hasip Cirkin, Cenk Selcuki, Investigation of Structural and Electronic Properties of Biologically Important Small Nucleotides by Molecular Modeling, *The 12th International Symposium on Health Informatics And Bioinformatics*, 17 – 19 October 2019, 119
  - A. M. Özgönül, R. Aslaminabad, H. Sağın, H. Çirkin, F. G. Sağın, Evaluation Of Midwifery Students' Knowledge And Perceptions Of Insulin Resistance And Related Health Problems, *2017, Turkish J. Biochemistry* 42 (2) (2017), 24
  - H. Cirkin, F. G. Sagin, H. Sagin, Perceptions of Molecular Life Science Master's Students on Their Scientific and Academic Competencies And Prospective Plans for Professional Development, *The FEBS Journal* 283 (1) (2016), 276-77
